Scuba Fundamental-Simon Pridmore 2020-02-26 If you do not yet scuba dive but are thinking of learning, then Scuba Fundamental - Start Diving the Right Way is for you. It takes you from the germ of the idea that you might like to try scuba diving up to the point where you have done around 20 dives. This is not your standard how-to scuba diving manual. It is very different. The purpose of Scuba Fundamental is not to teach you how to dive. A dive instructor will do that. But this book will make the learning process much easier. It will help you make the right choices and avoid the pitfalls that await new and uninformed divers coming into the sport.It will also set you well on the road to becoming a capable and competent lifelong diver. Scuba Fundamental tells you how to make sure you are prepared for a scuba diving course and what a good beginners course should entail. It tells you how to choose a good instructor, how to decide which operators to dive with after you have finished your course and what sort of dives you should be doing when you first start diving. You will learn the many ways in which diving will change your life and also acquire some extremely valuable advice on the etiquette involved in the sport. Throughout the book and especially in the chapter "It Happened to Me" you will be entertained, educated and encouraged by anecdotes from people who are now experienced divers but were once beginners too. There is also an entire section devoted to diving safety, much of which covers vitally important aspects of scuba diving that standard training manuals don't emphasise enough or even leave out completely. The book's message is: start scuba diving the right way and you will be relaxed and ready for the adventure. You will have more fun, make fewer mistakes and be confident in the fact that you are well informed, have made the best choices and have spent your money wisely. Scuba Fundamental is a unique, reliable and essential guide: one that you can trust completely and follow during this formative phase of your scuba diving life. "I wish I had had this book to read when I learned to dive. I remember being totally confused." Robin Yao, Executive Editor, EZDIVE magazine "This is the book divers should give to friends when they say they want to learn to scuba dive." Ian Thomas, Scuba Instructor Trainer

Itty Bitty Bugs-Sara Levinson 2017-07-22 This little book has a big message to children and adults about teaching compassion and kindness toward the tiniest of creatures on our earth. When a child is kind and caring toward very small animals, the chances of that child harming larger animals or other humans greatly decreases! Please educate your little ones as to which Itty Bitty Bugs are ouchie and must be handled by an adult or with adult supervision; insectidentification.org is a helpful website for uncertainty, curiosity, and education about Itty Bitty Bugs. I can not thank you enough for your interest in making this world a better place by teaching peace and love to the little ones in your life. It is my hope and goal to increase compassion and kindness toward all of Mother Nature's beings, beginning with the smallest. "Even though there are some we can not even see, Itty Bitty Bugs are just as important as you and me."

Breaking Loose-Sarah Jansson 2017-06-16 In this book, we will address almost every form of bondage, both mentally and physically that may have been holding you back and holding you down. This would also apply equally to others that you may minister to. You will also find tools that can be used to set you and others free in the Holy Name of Jesus. We will talk about many of the devil's schemes that have been in your life for years and have kept you or others in bondage. The Word of God says, "Whom the Son sets free is free indeed". Jesus came to set you free, spirit, soul, and body. Jesus also said, "My people perish for lack of knowledge".I lay out many of the Scriptures that go along with each of the headings we will be discussing. We will explore what the Word of God reveals that we can do to be set free from the enemy's many tactics that he places against us. You'll also find that I wrote out for you some Word prayers you can utilize for yourself and others. I have been set free in many of these areas myself and have been used by Holy Spirit in my ministry, especially out in the streets, to set others free. It is my prayer that Holy Spirit will speak to you, guide you, direct you, and empower you as you make your way through this book to be totally set free to the glory of God.I also pray that as you are set free that Jesus through the Holy Spirit of God will open many doors for you and use you to set others free in His Holy Name.May you also empower them to go forth as they are set free to set others free. Free from all that the enemy has kept them from fulfilling. Blessings to you as you BREAK LOOSE and go forth to the Glory of God!

Meditation for Beginners-Ian Tuhovsky 2014-06-03 Meditation is not only about crystals, hypnotic folk music and incense sticks! Forget about sitting in unnatural and uncomfortable positions while going "ommmmm...." It is not a club full of yoga masters, Shaolin monks, hippies and new-agers. It is super practical and universal practice, that can improve your overall brain performance and happiness! -Looking to be truly happy... not just fake smiles anymore? -Sick of being held up and helpless, a victim of terrible circumstance? -Do you really want to be a slave to your emotions anymore? -Are you so depressed and negative that no one really enjoys spending time with you? Well, I was not necessarily talking to you, but if it speaks to you, you have picked up the right book! Most People Walk Through Their Life In a Walking Daze And I was too. I was constantly fighting everything going on in my life; with my mind. Day to day stressors like traffic, the mean lady at the gas station with the bad breath that I had to see every morning, and the long hours put in at work, were enough to drain me. My boss, with his long nose hair, breathing down my neck about my productivity level was enough to deplete a person every day. "What do I do? What will happen next? What if, what if, what if...?" I could not even enjoy a second of my day, because I was lost in worry and stress over what was going to happen next and what I could do to maybe control it. In this book you will find techniques to step out of your thinking and allow your mind to finally rest. When meditating, you take a step back from actively thinking your thoughts, and instead, see them for what they are. The reason why meditation is helpful in reducing stress and attaining peace is that it gives your over-active conscious a break. Just like your body needs it, your mind does too! I give you the gift of peace that I was able to attain through present moment awareness. In This Book I'll Show You: -My favorite meditation and mindfulness techniques perfect for ordinary busy people like you and me -My personal experience -How exactly do I practice and how it helped me in so many ways -How to maintain stillness, peace and focus in everyday life -How to stick to your meditation practice and maintain high level of motivation -The right mindset you should have to keep your brain and thoughts healthy -A few simple things you can do to instantly feel better and happier! -And many, many more! Table of Contents: Introduction: Why Meditation For Life Success? Chapter 1: Meditation? What it's all about? Chapter 2: Let's Get Started! Various types of Meditation/Guided Meditations Chapter 3: Meditation and Stillness in Everyday Life Chapter 4: How to Maintain Inner Peace and Never Feel Anxious or Distracted Again Chapter 5: Conclusion

Dream Psychology-Maurice Nicoll 2020-04-23 This book of dream psychology is written in a simple, popular way which makes it readable and understandable by almost any one, without technical preparation or without special information regarding the psychoanalytic psychology. The style is very clear and the various matters discussed are put in a way which should be of considerable help in spreading a sympathetic attitude towards psychoanalysis. The author is evidently a strong adherent of the Zurich school rather than of the more strictly Freudian, and discusses psychoanalysis and the dream more particularly from this point of view. He especially utilizes the method of what he calls constructive interpretation both of symptoms and of dreams rather than of the more purely reductive analysis of Freud. In other words, instead of simply trying to split things up into the material of which they are made, he believes that the dream should be considered from a teleological point of view and when so considered has a distinct prophetic and advisory function. The dream serves as a corrective from the distorting influence of complexes and so offers suggestions as to the solution of the individuals' difficulties, more particularly in the direction in which his interests may advantageously take.

Scuba Confidential-Simon Pridmore 2020-08-03 Scuba Confidential is a unique book packed full of valuable tips and expert advice, giving you unprecedented access to the secrets of dive professionals and technical divers. With Scuba Confidential, you will learn how to master skills and techniques that will make you a more confident, capable and safe diver. It offers an informed, balanced view on some of scuba diving's most contentious issues like going solo, deep diving and rebreathers and includes a comprehensive analysis of how diving accidents happen and how to make sure you do not become a statistic. Scuba Confidential also gives you valuable insights on a vast range of topics such as what it is like to do a cave diving course, how to make sure you buy the right equipment, what to consider when choosing an instructor, things even the pros get wrong and where to find the best diving in the world. This is candid, no-nonsense practical advice from a professional who has been involved over the last three decades with virtually every aspect of the sport. Have you ever wondered? How to look as comfortable in the water as the professionals do? What it is like to dive inside shipwrecks? Which training courses are most worthwhile? If you would make a good technical diver? If you should be considering a rebreather? How you can improve your diving skills? How you can reduce your air consumption? Why diving accidents happen and how to prevent them? Whether you might sometimes actually be safer solo diving? How to dive deep safely? Or How muck diving can possibly be any fun? Scuba Confidential has the answers to these questions and many more.

New Frontiers in Marine Tourism-Brian Garrod 2007-08-31 'New Frontiers in Marine Tourism' is the first book of this kind to address and analyse this burgeoning tourism sector comprehensively. By integrating aspects such as the sustainability, safety, education, experiences and management of diving tourism the text highlights a variety of pressing topics related to the management of diving tourism, including: * different types of diving locations and their particular characteristics and the geographical distribution of dive locations * the growth and economic significance of diving tourism in destinations worldwide * different motivations and typologies of diving tourists, their learning behaviour, knowledge of marine environments, and their interaction with flora and fauna. * diver satisfaction, attitudes and preferences, education and interpretation, and compliance with regulations * environmental impacts, and aspects of risk and health.

Ghost in the Machine-Ed James 2012-04 'Classic Scottish noir: bad food, bad moods, too much booze and tight plots' @ey0k1, TwitterFor fans of Ian Rankin, Stuart McBride and Christopher Brookmyre, Ghost in the Machine is the novel that introduced readers to ambitious maverick Detective Constable Scott Cullen, whose series has set the bestseller charts alight. With a messy divorce behind her, Caroline Adamson's future is finally looking up. But after her mutilated body is found, police think Caroline's ex-husband is the main suspect. When one murder becomes three, Edinburgh faces up to the fact that it might have a serial killer in its midst. Then DC Scott Cullen of Lothian and Borders CID starts to question his superiors. Could the answer lie with Schoolbook, the latest social media craze to hit the city? Cullen has only been in the job for three months but he's determined to prove himself, and equally as determined that the right person faces justice. As things take an even darker, personal turn, Cullen realises that he must look closer to home for the answer - before it's too late. The Secret Life of Lobsters-Trevor Corson 2009-10-13 In this intimate portrait of an island lobstering community and an eccentric band of renegade biologists, journalist Trevor Corson escorts the reader onto the slippery decks of fishing boats, through danger-filled scuba dives, and deep into the churning currents of the Gulf of Maine to learn about the secret undersea lives of lobsters. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Becoming a Scuba Diver-Conrad H. Blickenstorfer 2013-10 In Becoming a Scuba Diver, Conrad Blickenstorfer invites you to accompany him on the journey through his first 250 dives. Starting with the first breath underwater, to learning scuba gear, and the initial certification dives, Blickenstorfer describes what it means becoming a diver. After initial doubts and frustrations, there are the first dives at Lake Tahoe, then advanced classes and dives in Florida's sinks, caverns and rivers, and finally the magical first ocean dives in Roatan. From there it's on to drift diving in Cozumel, the first liveboard experience in the Caribbean, the first thrilling encounters with sharks, diving wrecks and kelp, playing with seals, diving with the majestic giant mantas of Socorro, and swimming with whale sharks off Isla Mujeres and in the Sea of Cortez, Mexico. Between diving experiences and on his way to his first 250 dives, the author contemplates scuba-related topics: altitude diving, dive computers, nitrox, cave diving, rebreathers, nitrogen narcosis, Hollywood's portrayal of scuba, Cousteau's legacy, humorous encounters, and self-analysis as a diver.
